Venue : KMCH Auditorium, Coimbatore.

EMERGENCY

Dr. Nalla G. Palaniswami

Chairman & Managing Director,
KMCH

Dr. Arun N. Palaniswami

Executive Director,
KMCH

Greetings from KMCH & KMCH IHSR

It gives us immense pleasure in inviting you all for the programme "AMTEC 2026" (ACUTE MANAGEMENT OF TRAUMA IN EMERGENCY CONDITIONS) to be held at Kovai Medical Center and Hospital on 25th and 26th April 2026. Polytrauma is the fourth leading cause of death. In India it is estimated that 20 million are hospitalized every year due to injuries. Accident and trauma care has revolutionized over several years. KMCH being a level one trauma center has been meting out trauma care within the golden hour. We congratulate the first responders team for organizing this event to emphasize the systematic approach of polytrauma.

From the Organising Team

The organizing team is glad to announce the programme "AMTEC 2026 - Acute Management of Trauma in Emergency Conditions" on 25th and 26th April 2026. Every emergency medicine department establishes a standard operating protocol for polytrauma management taking into consideration their own resources. Keeping this in mind we have organised a 2-day programme with didactic lectures and various workshops with hands-on experience by experts in the field. Hope each one of you would take back a protocolized way to polytrauma. We welcome you all. We look forward to seeing you all.

Organising Team
